

Hi Everyone,

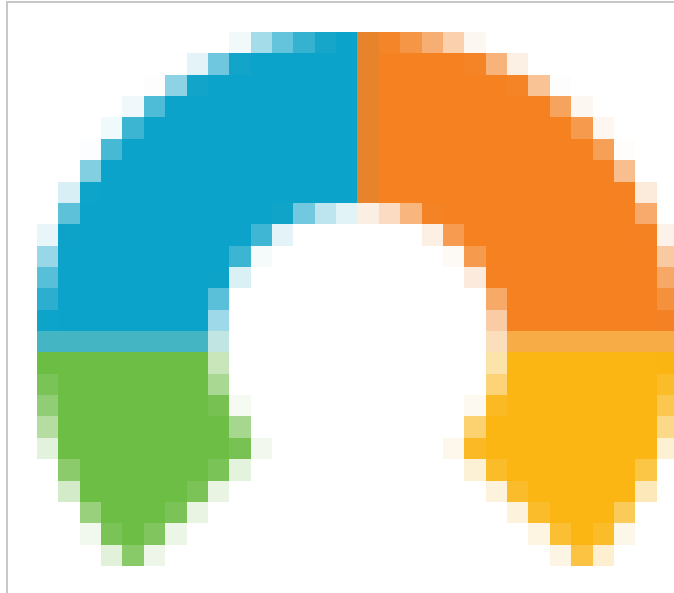

I'm looking forward to seeing you in person at the NW campus soon. You should have received an email from Levine inviting you to use the AUXS app. Make sure you download the AUXS app and set up your account. (Only registered students will be able to set up an account, so please register for lessons first.)

The app takes the place of our previous Health Screening form. Please fill this out once a day before you visit campus. Additionally, all visitors entering a Levine campus for the first time this year must fill out our COVID-19 waiver. Please bring this with you.

Best,
Karen

ps - for more information about the app, please click this link:
